

Seminar Estimates

If you are considering hosting a TEAM seminar, review these examples to get an idea of attendee price per day and also how many attendees you will need to cover speaker fees, travel and other expenses. Number of attendees shown are examples of the minimum number of attendees needed for the host to cover TEAM's fees and expenses, additional attendees would be profit for the host.

Example 1: 2-day seminar, 2 instructors, and travel = \$5500*

Number of attendees:	22	24	28
Price per person for 2-day seminar	\$250	\$225	\$200
40 attendees at \$250 for 2-days could net the host \$4500 profit.			

Example 2: 1-day seminar, 1 instructor, and travel = \$3250*

Number of attendees:	26	33	43
Price per person for 1-day seminar	\$125	\$100	\$75
40 attendees at \$125 for 1-day could net the host \$1750 profit.			

*Amounts provided only as examples, actual costs will vary.
